EL PASO, Feb. 19.-Capt. McDonald, with his company of Texas Rangers, arrived from the Pan Handle this morning, and Capt. Hughes has moved his men from Yaleta to this point. Every movement of the fighters is watched, and there is no danger of the fight taking place on Texas soil. Adjt.-Gen. Mabry reltthe fight from occurring in any locality that Terns lavs any claim to: that he recognizes no neutral ground; that no battle ground car be used to pull off the fights unless in some

It was rumored about the city last night that Gov. Ahumada had arrived at Juarez and taken personal charge of the arrangements any prize fight being pulled off in the State of Chihushus. A visit to the residences o Mayor Ariola of Juarez and Marcella Leon the Governor's intimate friend, at whose resi dance he stops when he comes north, proved that the Governor had not arrived, nor was he expected to come to Juarez for some time. "Adjt.-Gen. Mabory of the Texas State militis arrived at El Paso from Austin yesterday. He warned Stuart if the fights, or any of them, were pulled off on Texas soil Gov. Culberson would never rest until every person connected with them had been arrested and punlahed. Stuart said he thoroughly understood the laws of Texas, and did not need to be told by Gov. Culberson or any one elso what the penby Gov. Culberson or any one else what the pen-alty of their infraction was. Gen. Mabry says he does not know when he will return to Aus-

A special from Las Cruces, N. M., says:
"Sunday had no material effect on the fighters in training here. Peter Maher, Jerry Marshall, Johnny Murphy, and Pete Burns were up early in the morning, and went through their respective courses the same as on a week day. Maher, in company with Murphy, took to the road in one direction about 10 o'clock, while Marshall and Burns did their trotting in the immediate vicinity of the training quarters.

Maher and Murphy covered about twelve maker and Murphy covered about twelve miles before they returned, each perspiring freely. They received a severe rub down. Din-her was ready by the time the trainers got through with their charges, and after an hour's rest they all went at it again at indoor

"On the road Saturday, while tramping through the sands, a gust of wind blew some tand in Maher's eye. He rubbed it lightly at the time, and went through his indoor exercise without having his eye attended to. The roof of the hail is covered with muslin and is loaded with dust, some of which dropped to the floor and got into Maher's sore eye while he was punching the bag. Before he got through the eye was completely closed. His trainers became uneusy, and did all in their power to relieve him. After working at him for an hour and a half they removed the sand and the dust. His eye is still partly closed and blood-shot. Aside from this he is all right, and ready to fight to-morrow if called upon. He is feeling in fine condition. Quian, his manager, thinks that Maher will fight at about 174 pounds, which will be at least fourteen pounds heavier than Fitzsimmons.

AUSTIN Tex. Feb. 10.—Sam Austin, the holder of the stake of \$10,000 for the Fitzsimmons-Maher fight, was expected to arrive here yesterday to turn over the money to Capt. James Lawler, the final stakeholder, but has not yet showed up. According to agreement the cash should have been in Lawler's hands by this time, and sports seem to think that its non-arrival means that the fight will not take place. Lawler was seen by a representative of the United Press to-day. He stated that he did not know when the money would be forthcoming

Washington, Feb. 10.—The projected Fitz-simmons-Masher prize fight seems almost certain to end in a flasco. The United States Government is determined to prevent any contest on its territory, as is evidenced from the words of Attorney-General Harmon that if the pugilists fight on our soil they will be prosecuted to the ends of the earth, while Minuster Remercial

the ends of the earth, while Minister Remero declares that it will not occur in Mexico. The way to a prize fight in Texas would seem to be closed by steps organized by Gov. Culber-son, and these obstacles certainly lead to a very solid presumption that the bugilists and their backers will be forced to retire from present business.

The National Sporting Club of London has cabled to Peter Maker and Bob Fitzsimmons that, in case anything should interfere with their contemplated contest which is scheduled to take place near El Paso, a purse \$10,000 will be hung up by the managers of the English club for them to meet for twenty rounds during Derby week.

A telegram to the Illustrated News from Capt. Glori, Horace Leed's manager, dated El Paso, says: Stuart has posted the entire purse. The big fight

Boxing at the Suffolk A. C.

Boston, Feb. 10 .- Gus Hagerstrom, the "terrible Swede," was defeated in one round at the Suffolk Club here to-night by Eddie Connelly of St. Johns. Connelly cut out the work from the ment the bell rang, and landed a couple of good punches with both hands on the head and body. Hagerstrom landed a couple of good counters with his left. He then stepped to counters with his left. He then stepped to mix it, when Connelly let go his left, catching Hagerstrom on the jaw, sending him down. He got up and tried to clinch, but went down again. The referee sent them to their corners, giving the fight to Connelly. It lasted just one min-

There was not a dull moment at the benefit and stag of the Weston Athletic Club, which was held last evening at Clarendon Hall, on East Thirteenth street. The hall was packed to the doors. Owing to police restriction, the boxthe doors. Owing to police restriction, the boxing end of the programme was somewhat tame, but now and then the contestants let themselves out, and some hard knocks were exchanged. The best bout of the evening was between Bob Stone and young Corfield of the Nonparell A. C. The two went at it as! If they were going to fight for the world's championship. Corfield hit stone a beauty on the head and Stone went down with a bump. At this juncture Referes Mike Gorman interfered, and the bout was stopped. The other boxers who appeared were "Yank" Spies vs. Jim Brown, Charley Miner vs. James Murray, Jim Richard vs. Jack Keeffe vs. Tom Jones, and Joe Brown and "Sawdust" Mitchell, two colored boxers.

Boston sports think that they have discovered a new middle-weight champion in Nick Burley of St. Louis. Burley is the man who is highly recommended by both Peter Maher and John J. Quinn. Burley had a chance to see what he could do against a good man recently. Burley without much ado made short work of his opponent, settling him in a round. Burley's gameness has not been tested as yet, but the sports think that he will do.

ON THE SEVENTH'S RANGE.

Company G's Men Make Good Scores in the Kemp and Clark Trophy Matches.

Last evening two of the most important matches of the indoor rifle shooting season were begun on the Seventh's range. They were the Kemp trophy match, open to teams of twentyfive men from each company, and the match for the Col. Emmons Clark trophy, open to teams of fifty men. In the latter competition the scores made in the Kemp trophy match counted as well. The conditions were five shots standing and five prone at the 200 and 500 yard ranges. Company G's team shot last night and put up a total of 1,036 in the Kemp trophy match, and a grand total of 1,897 points in the Clark trophy match.

Rules Committee of the N. T. A. Will Begin Business To-day.

An informal meeting of the Rules Committee of the National Trotting Association was held last night at the Murray Hill Hotel. Those present were Joseph Cairn Simpson, Oakland, Cal.; Robert L. Allen, Joliet, Ill.; Col. William Edwards and W. B. Fasig, Cleveland, and Ed A. Tipton, Lexington, Owing to the absence of the other two members, Charles Page, Philadelphia, and Charles Dana Palmer, Lowell, an adjournment was taken until 10:30 o'clock this morning, when the work of revising the rules of harness racing will begin.
Few changes are likely to be made in the turf
code, but those talked about by horsemen are
important ones.
The veteran California breeder and sportsman.

The veteran California breeder and sportsman, J. C. Simpson, will make a stand for such a change in the rules as will stop the unsportsmanlike practice of taying up heats.

The conditional entry abuse will come in for attention, and some rule will probably be enacted to protect horse owners against track managers who default in the payment of purses or declare off their races without due cause.

News from the Horse World,

Entries for the summer meeting of the Detroit Jockey Club, Aug. 4 to 22, have been sent out in book form by Secretary Campbell. The list of nominations in each stake is large and contains the best horses in training in their classes in the West. Ramire, Hen Brush, and Prince Lief and Strathroy are prominent in the three-year-old events. Ben Brush is in the International Derby, guaranteed to be worth \$5,000, and the Campan Stakes, worth \$2,500. The International Derby for 1897 has 109 and the Campau Stakes 110 nominations.

The annual reception of the Oliver Social Club will be held this evening at New Irving Hall. The members promise their friends and the public in general that this affair will surpass all previous evening.

WHEELMEN BEGIN WORK.

NATIONAL ASSEMBLY OF THE L. A. W. OPENS AT BALTIMORE.

The Election of President Overtops Al Other Features of the Event-Talking About Good Roads-Visiting Wheelmen at a Banquet-The Big National Meet. BALTIMORE, Feb. 10,-The fifteenth annual assembly of the League of American Wheelmen was opened in the Young Men's Christian Association building to-day. A new movement was naugurated, the morning and afternoon sessions being devoted to the discussion of good roads The meeting was practically presided over by Chief Consul I. B. Potter of the New York State division, who is the Chairman of the Highway

Improvement Committee of the league.

The Convention was well attended at both sessions. Addresses were made by President Willison, I. B. Potter, prominent city and State officials, and members of the L. A. W. Plans for the improvement of the highways and the proper method of road construction were dis-cussed, and the general interest manifested in the movement was gratifying to the officials of the organization. Prominent members of the various division

spent the day devising plans for the general business meeting, which will convene to-morrow. Every wheelman who is entitled to cast a vote in the assembly is in town to-night, and divisions have held conferences to instruct their representatives how to cast their votes to-

The New York delegation held a cancus to day and decided to vote for the abandonment of racing by the L. A. W., and also to vote solidly for Sterling Elliott of Massachusetts for President. The Illinois and Pennsylvania divisions will vote against the withdrawal of racing, and to support A. C. Willison for Presi-

The Massachusetts division, which controls sixteen votes, will support Elliott for the Presidency and vote against the abolishment of racing. The New Jersey delegates are non-committal as to how they will vote on both questions. The Connecticut division will vote port Willison for the Presidency. The South-ern delegates refuse to announce how they will vote upon any of the questions at issue.

Wheelmen who are in the confidence of the prominent officials of the organization are unable to obtain any confirmation of the state-

prominent officials of the organization are unable to obtain any confirmation of the statement of the Elliott supporters that the Massachusetts man will defeat Willison. The latter is quite confident of victory. Although the indications point to the election of Elliott through his diplomatic move of placing Charles F. Cossum of Poughkeepsis on his ticket, the declaration of the Willison contingent shows that a big political deal is on hand, and victory will go to the shrewdest politician.

Aside from the Presidential question the selection of a place for the national meet is engaging great attention. The interchange of votes upon the meet and Presidenty has proven to the wheelmen that the question of awarding the national meet should be taken out of the hands of the National Assembly entirely. The delegates still show a preference for Louisville.

The National Racing Board has been in session all day, considering the Murphy-Titus-Cabanne case. Howard Raymond, ex-Chairman of the Board, was called into the meeting to deliberate upon the case. While no decision has as yet been arrived at. This Sur representative learned to-day from an authoritative source that D. W. Roberts and F. Gerlach hold that Murphy's suspension is fast and should not be removed.

H. W. Robin-on and C. H. Croninger believe that the suspension should be set for a specified period, and G. D. Gideon, the Chairman of the Board, seems reinerant to cast a vote either way. In order to facilitate the adjustment of the case, Fred Titus of New York, who is also under suspension, was sent for and he gave his evidence to-day.

The Board is in session to-night, and The Sux representative is advised that Murphy will likely be suspended for a stated period. In re-

under suspension, was sent for and no gave his evidence to-day.

The Board is in session to-night, and The Syrx representative is advised that Murphy will likely be suspended for a stated period. In regard to Titus, however, it is not thought that any clemency will be shown to him. It is said that, had L. D. Cabanne been present at the meeting, the Board would have taken some favorable action upon his case.

The visiting wheelmen were banqueted at the Maryland Bleycle Club to-night. Among the speakers and toasts were: President A. C. Willison, "Greeting;" Gov. Lowades, "My Maryland and Her Wheelmen; "Mayor Alceaus Hooper, "My Cycling Constituents;" Gen. Nelson A. Miles, "Cycling in the Army;" the Hon. John K. Cowen, "Wheels, Political Railroad, Cycle, and Otherwise: "Gen. Roy Stone, "Paternalism in Eyeling and in Government;" Gen. Felix Agnus, "The Press and Its Mission in the Cause of Good Roads;" United States Senator Lindeay of Kentucky, "In Old Kaintuck;" Issae B. Potter of New York, "How to Make the Wheels Go Round Faster;" ex. Mayor Latrobe, "What I Know About Wheelmen and What They Want." A member of the Ohio division of the Leaune informed Tite Syr representative late to-night that the Presidential situation had first been gone over, and it is conceded that Willison has eighty-nine votes pledged to him, against lift; six for Elliott, with twenty-seven doubtful. This estimate gives a majority to Willison, even conceding all the doubtful votes to Elliott. The New Jersey division, which controls nine votes, and the Connecticut division, with five votes, also favor Willison's candidacy, so it is said to-night. This late rumor of Willison's strength has caused preat constentation in the ranks of the New York and Massachusetts ranks of the New York and Massachusetts

Tables of the New York and Massachusetts delegates.

The Louisvillo "Inducement Committee" has invited the whole Kentneky delegation in Congress to come over and help them boom Louisville for the national meet. Senator Lindsay has already consented to be present on Wednesday, and Congressimen J. N. McCreary and others are expected. Not to be beliful, the Toledo men have Congression J. H. Southard on hand to talk for them.

At a meeting held Feb. 6 of the Board of Gov ernors of the Kings County Wheelmen the following resolution was passed:

Resolved. That we, the Kings County Wheelmen, debeartily approve of the bill now pending before the Legislature known as the Armstrong bill, making i mandatory upon railronds to carry buyeles free a personal baggager and further, that the Senators and Assemblymen representing this section of the city and State be requested to use every reasonable effort to further the passage of said bill.

FIELD TRIALS.

Running for the Champion Stake Under WEST POINT, Miss., Feb. 10,-The field trials for the Champion Stake began this morning under favorable conditions. The weather was fine and there was a large attendance. Four braces were tried for two hours each. Avent & Thayer's setter Topsy Rod and N. T. Depauw's ointer Jingo, the first pair, ran over the best ground as well as in the best part of the day. They found seven bevies of birds. Jingo was not in his best form at any time, and during the first hour seemed to be stale. In the fluish he had the advantage, but throughout the trial Topsy Rod showed up better in pace and range, Charlotteville Kennel's pointer Delhi and Nor-vin T. Harris's setter Cynosure ran on ground not so good, and from 10 to 12 o'clock. Cynosure

not so good, and from 10 to 12 o'clock. Cynosure was superior at all points.

W. H. Beazell's setter Harold Skimpole and Norvin Harris's setter Tony Boy ran on poor ground, and where there were few birds. Tony Boy covered a large territory, and ran strong at the end of two hours. Harold Skimpole did nearly all the point work, and ran creditably. F. R. Hitchcock's sotter Count Gledstone and Charlottesville Kennel's pointer Tippo ran from 3 to 5 o'clock. Count Gladstone had better speed and range, and did the most finding. Tippod did not run as well as last week. Both dors, at the end of the trial, were tired, Tippoo having quite enough. quite enough.

The first series will not be finished until noon to-morrow. The weather promises to be good.

Charley Kelly's Ball.

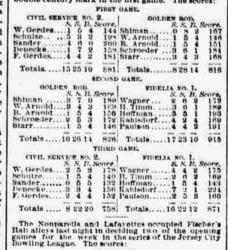

Pretty girls, enjoyable music, and a large crowd of sports were the principal features at the sixth annual ball of the Charles J. Kelly Asseclation, which was held last night in Ever-ett Hall on East Fourth street. The standard ett Hall on East Fourth street. The standard bearer, who has quite a reputation as a feather-weight bexer, was in good spirits over the receition accorded him by his friends, and led the march just at midmight with Miss Mamie Kelly, his pretty slater, as his partner. The dancing was kept up until late and an enjoyable time was had all around. Among those present were Miss Notlite Hogan, Miss Minnie Lynch, John Shea, Miss May Woods and J. J. Hooks, John Lynch, Miss Flyin, Martin Flyin, Miss John Lynch, Miss Hyn, Martin Flyin, Miss John Moward, Miss Josephine Gillen, John Mack and Miss Lewis, Miss Sailie O'Neil, Miss Mamie Lavine, and Frank Jarvis.

NEW YORK PLAYERS KICK. Meckin and Farrell Make Unreasonable

From present indications the New York Base ball Club will have considerable trouble in signing three of its best players. As THE SUN stated on Sunday, Charley Farrell, aithough he has accepted the club's terms, has written that he does not care to go South. In reply Manager Irwin has instructed him to report here on March 1, and the letter contained other points that could not be mistaken by the big catcher. Farrell received \$3,000 last year for his services. He is satisfied with the terms offered this year, but does not see why he should be

vices. He is satisfied with the terms offered this year, but does not see why he should be compelled to report before April 1, when his contract begins to run.

Meekin is also trying to make trouble by exorbitiant demands. The report sent out from New Albany, ind., some weeks ago that he had signed was a bit premature, as the big pitcher had merely accepted terms which he made himself. He received a contract calling for the limit, \$2,400, with which he seemed satisfied, but in his letter to the local management he said that if he got a big bundle of advance money he would sign without delay. This demand is regarded as unreasonable by the club officials.

No contract has been sent to Rusic as yet, but one will be drawn up and mailed to him in a few days. It will call for the limit, although Rusic got more than \$3,000 last year, but the club officials do not feel disposed to give him the good thing he had then.

Manager Irwin, in a statement to a Sun reporter, demonstrated that money was no object in getting the men in shape. Last year when the team left Jacksonville a number of exhibition games were played by the New Yorks in various Southern cities until Norfolk, Va., was reached. By that time the men, having encountered bad weather, were out of trim and arrived here in anything but proper condition for the League race. This season, however, it has been decided to abandon all exhibition games in the South, and the team will remain at Jacksonville until the last day of March, when the men will come direct to this city. This will naturally entail more expenses and deprive the club of some fat guarantees in the South. But President Freedman asys he cares nothing for expenses so long as a strong team can be developed and put in the field fit to make a game fight for the pennant.

CURING A COLD.

The Shortest and Surest Way by Which It

Can Be Done. "There are a thousand ways of fighting a cold, but only one way to effect a cure.

It was an experienced medical man who ut-

cold, but only one way to effect a cure."

It was an experienced medical man who uttered this sage remark not long ago.

"Do you know," he continued, "that there is one way to cure colds and prevent colds that can always be relied upon? It is a safe and reliable remedy, but I always hesitate to recommend it because it is liable to lead to serious mistakes. I will tell you in confidence, however, that there is nothing better or safer to take in winter time than pure malt whiskey. The only trouble is that it must be absolutely pure. The ordinary whiskey you get in salcons or barrooms will not do. That is where most people got a wrong idea. They there most whiskey is whiskey, and that it is all the same, They forget that there is hardly a whiskey free from adulteration. To do any good, whiskey whiskey that I would ever recommend."

The opinion above given is interesting, but it is not new. Every experienced physician knows that pure malt whiskey is nature's great remedy for stimulating the vital forces and building up the health. But such a whiskey is not to be found everywhere. There is, in fact, only one that has been proved to be medicinally pure and iree from adulteration. This whiskey is pure malt, which is universally recognized as a wonderful health giver and restorative. Nothing has ever compared with it for toning up the digestive organs, creating a healthy appetite, stirring up the blood and giving renewed vigor to every part of the body. It will not only keep off colds, grip, and prices monia, but it will cure them. Every person who takes it can go through the severest winter without any fear of chilis or pneumonia.

ATLANTIC YACHTSMEN MEET. Commodore George J. Gould Makes a Speech

The Atlantic Yacht Club held its annual meeting in the banquet hall of the Waldorf last evening. There was a large attendance of vachtsmen. Commodore George J. Gould preided, while Col. David E. Austen acted as Sec-

retary.

After the minutes of the last meeting had been read, Commodore Gould read an address to the members in which was embedded Vice-Commodore Adams's report.

Commodore Gould explained that, owing to his

unavoidable absence in Europe last summer, he had not been able to give proper attention to the club, but that this year he would do everything in his power to promote its interests. He said he hoped the present season would be a prosperous one, and asked that all of the yacht owners cooperate with him to that end, by entering their boats in the club's regattas and cruise. He also recommended that the club fleet rendezvous at Larchmont on July 3, and

and cruise. He also recommended that the club fleet rendezvous at Larchmont on July 3, and after participating in the Larchmont Club regatta on July 4, that they should proceed eastward on their annual cruise.

Commodore fould spoke of the special prizes offered by Vice-Commodore Adams last year, and announced his intention of giving a number of cups in classes to be be designated by the Regatta Committee.

Commodore Gould received vigorous applause when he concluded his remarks, and Gen. Watson's motion that Mr. Gould's address be printed was unanimously carried.

Secretary Austen in his report stated that the club had gained 10% members and thirty yachts, of which twenty-four were steamers, since the last meeting, which made a total of 400 members and 320 yachts.

The Treasurer's report showed a gain of \$4,000 over last year and that the club was never in a better financial condition. The Regatta Committee's report was also satisfactory, and it was announced that the club's annual regatta would be held on June 16. The following officers were then elected:

Commodore, George J. Gould, steamer Atalanta; Vice-Commodore, George J. Gould, steamer Atalanta; Vice-Commodore, George J. Gould, steamer Atalanta; Vice-Commodore, George H. Church, Measurer, H. J. Glelow; Membersing Committee, Louis F. Jackson, Spencer Swala, and Henry W. Banks, Jr. J. Gelow; Membersing Committee, Louis F. Jackson, Spencer Swala, and Henry W. Banks, Jr. J. Gelow; Membersing Committee, Louis F. Jackson, Spencer Swala, and Henry W. Banks, Jr. Hegarita Committee, John L. Bliss, Henry J. Gielow; Pavid E. Austen, W. L. Gerrish, Deorge W. McNuty; trustees, Philip G. Sanford, J. Rogers Maxwell, Thomas L. Arneld, Alexander P. Keichum, J. Frederick Ackerman, and Thomas I. Watson.

After the election the club appropriated \$1,500 for the Regatta Committee. The proposition of the Sea Gate Club of Norton's Point was referred to the trustees, who were instructed to can er with the Sea Gate officials and report back to the club.

All amendments to the ra

and Make Suggestions. The Council of the Yacht Racing Union of Long Island Sound, consisting of Oliver E. Cromwell, F. Bowne Jones, E. Burton Hart, Jr., Le Grand L. Clark, Oscar Chellborg, Stuyvesant Wainwright, and F. E. Barnes, held a meeting last evening in the Seawanhaka-Corinthian Yacht Club House, corner of Twenty-seventh street and Madison avenue.

The newly proposed racing rules, which were printed in The Sex some time ago, and which will be acted on at the March meeting of the miles were gone over in detail and a number.

with be acted on at the Anten intecting of the union, were gone over in detail, and a number of alterations were made in them which the council will urge the union to adopt. A schedule of racing dates was also arranged, and will be submitted to the union. The principal changes suggested in the rules were;

The rules simil apply to yachts sailing in a race. The yachts shall be amenable to the rules from the time the preparatory signal is made until the finish of the race.

The rules for the 50 and 60 foot class of single masted vessels were altered to read: Not over 51 feet and over 43 feet. Not over 60 feet and over 51 feet, Not over 60 feet and over 51 feet.

Rule S. which applies to entries in races, was altered so that in addition to giving the name, class, and racing length of a yacht, they will have to give their official racing number as well. A new rule on Corinthian races has been inserted after the classification rule, which says:

Each yacht must be steered by the owner or other amateur in Corinthian races except in the schooner classes, and the first solfoot and 70-foot classes of single-masted vessels and yawis, and must be manned by amateurs except that any cabin yacht may carry and use her regular professional crew.

There was also empaiderable discussion shows

There was also considerable discussion about "obstructions" in the rule applying to passing and rounding marks. Another important change which the council will recommend is the furnishing of official numbers to yachts belonging to clubs in the

numbers to years union.

They will request that each club furnish the name, owner, address, and racing length of every yacht enrolled in their club. In addition they will also request their rig and whether they are cabin or open boats. Official numbers will then be supplied to the yachts, with a letter indicating the class.

NEW M. A. C. GYMNASTS

Do Some Clever Work in the Members

The cymnasts of the New Manhattan A. C. were on their mettle at the big Madison avenue club house last night, the occasion being the second competition in the grand series for members inaugurated last week. Patrons of the gymnassum entered freely for the different events on the card and furnished a very interesting competition. The efficials and timers for the contests were Harry S. Cornish, Fred Stone, and H. Anderson.

De Young showed unusual proficiency at the flying ring and parallel bar exercises, and also did well in the high jump, his aggregate score reaching fifteen points on a basis of five for first, three for second, and one for third. W. R. Grace, a very promising youngster in the Columbia Grammar School colors, did well in all but the parallel bar event, and left off with a score of eight points. In Witt and C. Meyer Cohen tied for the third point in the high jump, second competition in the grand series for memas out the parameters are event, and left off with a score of eight points. De Witt and C. Meyer Cohen tied for the third point in the high jump, but the former conceded the fraction to his mamesake, and the pair broke even on the series with six points each. Four other gymnastic events are scheduled for next Monday night, and the medals for this described will be awarded in accordance with the final scores, symmaty: Summary: Horning High Jump.
